Marine Science students who are looking for knowledge and experience. Have an interest in the field of Data Analyst and Oceanography. I have the ability to quickly adapt to new environments and be able to work under pressure.

Education

Universitas Padjadjaran  - Sumedang, Indonesia	Aug 2022 - Aug 2026 (Expected)
<i>Undergraduate Marine Science, 3.68/4.00</i>	
- Appointed as staff of the operator division of the International Seminar Professors' Discovery to Protect Our Ocean (PADOC), impacting 50+ students. - Presenter at the 20th Annual Scientific Meeting and Congress of the Indonesian Oceanographers Association 2024 "67 Years of the Djuanda Declaration: The Strategic Role of ISOI in the Development of Science and Technology and Marine Innovation for Sustainable Archipelagic Development for the Welfare of the Indonesian People" in Bogor, December 2024.	

Work Experiences

Torgas Laboratory - Jatinangor, West Java, Indonesia	Jan 2026 - Present
<i>Laboratory Assistant</i>	
A center for research, development, and innovation focused on the utilization and protection of marine biological resources as a pillar of sustainable marine reform.	
- Recording and organizing laboratory inventory, managing laboratory equipment loans. - Performing maintenance and calibration of laboratory equipment for research purposes. - Java Blue Odyssey 2026: Performed biomass and sediment field sampling across multiple coastal sites in East Java.	
Dinas Lingkungan Hidup dan Kebersihan - Pangandaran Regency, Indonesia	Aug 2024 - Nov 2024
<i>Internship</i>	
A regional government agency responsible for managing, protecting, and preserving the environment and cleanliness in a region. Its primary duties include reducing waste volume, managing city cleanliness, and formulating technical environmental protection policies.	
- Conducting sampling and sorting of household waste in around 10 subdistricts in Pangandaran Regency. - Planting more than 100 mangrove seedlings as part of an environmental awareness movement.	
Dinas Kelautan Perikanan dan Ketahanan Pangan - Pangandaran Regency, Indonesia	Aug 2024 - Nov 2024
<i>Internship</i>	
An organization that carries out activities covering food security, marine, fisheries, agriculture, animal husbandry and animal health.	
- Conducting surveys and interviews at various fish auction locations in Pangandaran Regency. - Mapping the condition of Pangandaran coast using geographic information systems for sustainable development. - Contribute to the mapping of Marine Protected Areas using remote sensing and geographic information systems.	

Organizational Experiences

Kelompok Studi Instrumentasi dan Survei Kelautan (KOMITMEN) - Jatinagor, Indonesia	Aug 2024 - Aug 2025
<i>Vice Bureau Chief of Padjajaran Ocean Data Center</i>	
An organization that aims to improve the resources of individuals or groups in the field of marine surveying and the development of creative and innovative marine instrumentation.	
- Supervised research and expedition database of activities conducted by KOMITMEN, over 1000+ datasets. - Wrote more than 10+ news articles containing the latest environmental issues related to oceans, climates, and marine instruments.	
Marine Science Student Association - Jatinangor, Indonesia	Jun 2023 - Jun 2024
<i>Inventory Field Members</i>	

Skills and Certification

- Soft Skills:** Critical Thinking, Problem Solving, Cooperating, Adaptation
- Hard Skills:** Software Knowledge, Computer troubleshooting, Excellent in GIS-related softwares
- Open Water Diver ADS International**
- Small UAS Remote Pilot Certification**
