I hold a Bachelor's degree in Marine Science from Padjadjaran University. I am interested in tackling environmental pollution issues, particularly those involving heavy metals. I am able to work both independently and as part of a team, and I am keen to develop further and learn new things in order to enhance my technical and interpersonal skills.

Experience

Head of Research and Development Pillar | IMPACT

August 2023 - July 2024

- I was a member of the IMPACT community during my time at university, where I served as head of the research and development division. In this role, I drew up research plans for fieldwork, such as developing standard operating procedures for a study on sea turtles in Pangumbahan in 2023. I also wrote posts about marine animal research.

Staff | ThinkGreen 8.0

August 2023 - November 2023

- During my time at university, I took part in ThinkGreen 8.0, a mangrove planting project organised by the Student Executive Board (BEM) of the Faculty of Fisheries and Marine Sciences (FPIK). I served as an event staff member, helping to draw up the schedule and run-down for each session, and assisting with coordination to ensure the event ran according to the agreed run-down.

Internship | MBKM PKKM

August 2024 - November 2024

- I took part in an internship organised by the Marine Science programme, namely the MBKM PKKM. During this internship, which was based in Pangandaran, I undertook placements at various relevant agencies. Through this internship, I was able to enhance my soft and hard skills in marine science research, including data collection, data processing and the presentation of results. I was also able to develop my teamwork and public speaking skills during the internship.

Education

Bachelor | Padjajaran University

August 2021 - January 2026

- 3,44

Student | SMA NEGERI 1 MAJA

August 2018 - August 2021

Skills

Microsoft Office (word, excel, power point) - Beginner | ArcGIS - Beginner | Laboratory management - Beginner

Soft Skills

Team work | Public speaking | Time management
